SUMMARY

A BSc. Informatics and Computer Science student with hands-on experience building web applications using React, TypeScript, and Supabase. I have a strong interest in computer networks and cybersecurity, supported by Cisco training. Comfortable working with Linux, Git, and collaborative projects, and focused on building practical, real-world systems.

EXPERIENCE

Teaching Assistant

Entarara Mixed Secondary School | Oloitokitok, Kenya | Jan 2026 - March 2026

- Assisted in teaching Computer Studies, Mathematics and Life Skills across different class levels.
- Supported students during lessons and practical sessions, ensuring understanding of core concepts.
- Helped prepare lesson materials, exercises, and assessments.
- Provided general support to teaching staff and assisted in administrative and classroom activities.
- Developed strong communication, patience, and teamwork skills in a structured learning environment.

PROJECT

FedhaSmart

Strathmore University • fedhasmart.vercel.app • August 2025 - November 2025

- Designed and built FedhaSmart, a web application for personal finance tracking.
- Implemented income categorisation, expense tracking, and savings goal management.
- Developed the frontend using React, TypeScript, shadcn/ui, and Tailwind CSS.
- Integrated Supabase for authentication and database management.

EDUCATION

Bachelor of Science in Informatics and Computer Science

Strathmore University • Nairobi, Kenya • 2024 - 2028

- Member, Strathmore Computing and Engineering Student Association
- Member, Strathmore Cybersecurity Club
- Student Council Academic Sub-committee (16th and 17th)
- Member, IEEE Strathmore University Student Branch.

Kenya Certificate of Secondary Education

Oloolaiser High School • Ngong Hills, Kenya • 2020-2023

- Member Science and Computer club
- Member Drama club
- Student council- Dining Captain 2021-2023.

CERTIFICATIONS

Introduction to CyberSecurity

Cisco Networking Academy • 2025

- Covered cybersecurity fundamentals, threats, network security, and best practices.

SKILLS

Programming: Java, JavaScript, Python, C++

Web: HTML, CSS, React, TypeScript, Tailwind CSS

Databases: Supabase (PostgreSQL fundamentals), MariaDB, MySQL

Tools: Git, GitHub, Linux

Networking & Security: Networking fundamentals, cybersecurity basics

Soft Skills: Communication, teamwork, time management, analytical skills, problem solving
